and
The Honorable Board of Supervisors
Stanislaus County

Gentlemen:

The Stanislaus County Crop Report for 1978 is hereby submitted. The total gross farm income is estimated to have been \$553,299,200, an increase of 10 percent over 1977.

Crop values were generally higher, with sharp increases recorded for livestock, walnuts and almonds.

Unseasonable rains, lack of winter chilling, disease and insect problems resulted in decreased production levels for many of the major nut, vegetable and field crops.

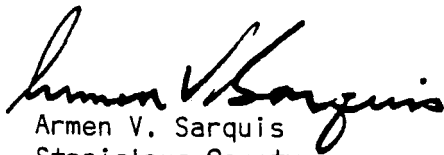

The County's ten leading commodities in 1978 are as follows:

1. Milk, all	\$120,414,000
2. Chickens, all	63,654,000
3. Eggs, chicken, al	48,324,000
4. Cattle and calves	46,397,000
5. Almonds	40,912,000
6. Walnuts	34,710,000
7. Peaches	29,424,000
8. Grapes	28,429,000
9. Beans, dry	17,387,000
10. Apricots	14,385,000

It must be emphasized that the estimate represents gross farm income only. Net income continues to be affected by the rising costs of production.

We wish to express our appreciation to the many persons who contributed to the preparation of this report.

Respectfully,

Armen V. Sarquis
