Richard E. Rominger  
California Department of Food and Agriculture  
and  
The Honorable Board of Supervisors  
Stanislaus County

Gentlemen:

In accordance with Section 2279 of the California Food and Agricultural Code, the 1979 Stanislaus County Crop Report is hereby submitted. The total gross agricultural production value is estimated at \$689,093,600. The top ten commodities are the same as in 1978, but in a different order. Their 1978 ranks are in parentheses following the values. Overall, the large value increases came from almonds, milk chickens and cattle.

1. Milk, All	\$142,217,000	( 1)
2. Almonds	91,238,000	( 5)
3. Chickens, All	81,964,000	( 2)
4. Eggs, Chicken, Al	56,626,000	( 3)
5. Cattle & Calves	41,754,000	( 4)
6. Peaches	34,510,000	( 7)
7. Walnuts	31,425,000	( 6)
8. Grapes	28,787,000	( 8)
9. Dry Beans, All	22,390,000	( 9)
10. Apricots	17,904,000	(10)

The California Crop and Livestock Reporting Service conducted a permanent crop enumeration in 1979, providing us with updated orchard and vine acreage. The 1978 permanent crop acreages were not revised, but remain the same as printed in the 1978 crop report. The acreage figures throughout the report include double-cropped and interplanted acreage.

We wish to thank everyone who cooperated in the preparation of this report.

Respectfully submitted,

  
Armen V. Sarquis  
Stanislaus County  
Director of Cooperative Extension

  
Hugh Sinclair  
Stanislaus County  
Agricultural Commissioner
