S: NON-AGRICULTURAL USE

The following permit conditions apply to all Stanislaus County Restricted Materials Permits for Non-Agricultural Use

1. Application of restricted materials for commodity fumigation and for other non-agricultural uses requires a Notice of Intent (NOI) at least 24 hours in advance. For weekend and early Monday applications of Restricted materials, NOIs shall be submitted by 3:00 pm Friday prior. NOIs shall be received by 3:00 pm the business day prior to a Stanislaus County Holiday. Except for Methyl Bromide applications, a monthly NOI may be submitted, provided that the fumigation occurs within the permitted structure specified in your restricted materials permit. If the application is cancelled, please notify our office.

2. A Notice of Intent shall include the following:

    a. Permit number
    b. Operator name
    c. Location of areas to be treated (Site Identification Number)
    d. Commodity treated
    e. Approximate units treated
    f. Pesticide(s) label name
    g. Rate of application
    h. Pest(s) to be controlled
    i. Start date of intended application

3. Use of Methyl Bromide and Sulfuryl Fluoride requires a valid work-site plan, and the site has to be evaluated each year prior to renewal of the permit.

4. The Certified Applicator must be physically present on-site during the introduction of the fumigant and aeration commencement.

5. If the commodity remains stored within an enclosed container (bin) post-fumigation, continuous monitoring for the presence of a fumigant is required when people are present.

NOTICE: FAILURE TO COMPLY WITH THESE CONDITIONS AND OTHER PERTINENT LAWS AND REGULATIONS MAY RESULT IN THE REVOCATION OF YOUR PERMIT AND THE POSSIBILITY OF FURTHER ADMINISTRATIVE ACTION BY THIS DEPARTMENT.
